

PROFESSIONAL EDUCATION SYMPOSIUM

# Primary Care Strategies for Kidney Disease

Saturday January 25, 2020

7:00am-3:30pm

Radisson Duluth Harborview,  
505 W Superior St, Duluth, MN 55802

## Earn up to 6 CME/CE Credits

This symposium will update primary care providers and other health professionals on best practices and updated recommendations for caring for patients with chronic kidney disease. Special focus will be placed on frequently asked questions nephrologists get such as pharmacotherapy, renal imaging, and ESRD treatment options.

## Tentative Agenda:

- **Evaluations in CKD**
  - When and how to evaluate for secondary HTN
  - Assessment of Proteinuria
  - Renal Imaging: Contrast vs Gadolinium – Current opinion
- **Pharmacotherapy in CKD: New Challenges**
  - New Diabetic Treatments: The Role of SGLT2 inhibitors
  - Direct Oral Anti-coagulants: Roles and Risks in CKD
  - Hyperkalemia: Old problem, new therapies
- **Renal Replacement Options**
  - Kidney Transplant
  - Home Dialysis
  - In-Center Hemodialysis

## REGISTRATION FEES:

**NKF Members: \$75**

**Non-Members: \$100**

**Students/Residents: \$20**

*NKF members save \$25*
