RENAL PROFESSIONAL CONFERENCE – WI

WITH RENAL PATHOLOGY SUMMIT

Madison, WI
November 12-13, 2025

National Kidney Foundation of Wisconsin is a patient-centered, volunteer-driven organization. Since 1968, we have remained dedicated to preventing kidney diseases, improving the well-being of all people affected by kidney disease, and increasing the availability of all organs for transplantation. Professional education and networking are vital components of our work. When renal health professionals have access to best practices and opportunities for collaboration, kidney and transplant patients benefit.

We are proud to return to Madison in 2025 for two days of professional education and networking. The events will kick off with an accredited education session at the annual Welcome Reception on Wednesday, November 12. The main body of the Renal Professional Conference - Wisconsin (RPC-WI) will be 7:00 AM-5:00 PM on Thursday, November 13. RPC-WI attendees, as well as additional guests, are invited to stay on after the closing keynote for the Renal Pathology Summit Thursday evening, 5:00 PM – 9:00 PM. Please note that the Renal Pathology Summit is an add-on event for exhibitors.

As an industry leader in health and kidney care, you understand the importance of professional education. Please consider joining National Kidney Foundation of Wisconsin as an exhibitor at the 2025 Wisconsin Renal Professional Conference - Wisconsin and Renal Pathology Summit.

Renal Professional Conference - Wisconsin (RPC-WI)

This day-long continuing education event for allied health professionals will be held in-person on Thursday, November 13, 7:00 AM – 5:00 PM, in Madison, WI. It is preceded by a welcome and networking reception at the same venue on the evening of Wednesday, November 12.

RPC-WI attendees include approximately 100 renal care professionals from across the state including nurses, social workers, dialysis technicians, dietitians, and transplant coordinators. They receive 8 CE/CEUs, meals throughout the day, and the opportunity to mingle with our extensive network of industry partners in the event exhibit hall.

Renal Pathology Summit

After the closing keynote, attendees are invited to join physicians and other advanced practitioners for the 2025 Renal Pathology Summit. Cocktails and networking will begin at 5:00 PM. Dinner will follow with a brief lecture from guest renal pathologist, Dr. Anthony Chang and lively discussion of relevant renal cases as presented by nephrology fellows from Froedtert & Medical College of Wisconsin and University of Wisconsin.

Opportunities are available for a limited number of exhibitors to join this add-on event.
